<b>Award Description</b>	The Delaware Department of Technology and Information (DTI) will oversee the broadband mapping data collection and verification, including public anchor institution information, and the development of an interactive state broadband inventory mapping system. The resulting data will be presented to NTIA per their specifications and also made available to the public from a user friendly website. DTI will leverage existing IT infrastructure, and will partner with the University of Delaware's Information for Public Administration (UD-IPA) to achieve the overall NTIA goals. The longer term broadband planning activities will be carried out by DTI in partnership with UD-IPA. Relationships will be built with Technology Planning Teams

comprised of representatives from local governments, small businesses, and agricultural communities. These teams will be formed in parallel with mapping activities and will continue for the full 5 years of the program. They will identify (1) broadband best practices for their community; (2) issues affecting the deployment and full use of broadband; and (3) potential projects to expand the use and deployment of broadband in these communities.

Quarterly Activities/ Project Description	For the quarter ending June 2011, the Broadband Mapping Program accomplished a major milestone by deploying the Public Facing website. The website was deployed in April 2011, which was beneficial for the start of various Planning projects. The Planning Team meetings began in May 2011 and will continue throughout the award period. The Orthoimagery project also began in the second quarter and is scheduled to be completed during Quarter 3 of calendar year 2011. Efforts for detailing requirements on the three other projects continued during Quarter 2. These projects are Address Street Segment Level, Application Maintenance and Enhancement and Development of web tools for the Public Facing website.
